

SUMMER CAMP

BESTVINA

VLADIMÍR PALIVEC, PETR HOLZHOUSER

INSTITUTE OF CHEMICAL TECHNOLOGY
TECHNICKÁ 5, 166 28 PRAGUE 6, CZECH REPUBLIC

NATURAL SCIENCE

WHAT IT IS ABOUT?

- Camp with science, outdoor activities, sport and fun
- Two weeks in July (holidays)
- 120 secondary school students
- 30 mentors and lecturers
- The best participants of Chemistry and Biology Olympiads (60/60)
- Students selection based on regional rounds results
- Teams of 20 students for each category (A, B, C) and subject

CAMPBASE

- LOCATED IN THE MIDDLE OF COUNTRY
- CAPACITY 120 CHILDREN AND 30 STAFF
- SURROUNDED BY FOREST, POND, DAM, RIVER ETC.
- MANY TYPES OF FACILITIES AND EQUIPMENT – SPORT FIELDS ETC.

MORNING TORTURE AT 7:30 AM

- **MOTTO:** MORNING EXERCISE DAMAGES YOUR BODY → WE DO EVERYTHING ELSE THAN MORNING EXERCISE
- FLUORESCIN BATTLE, GOOD MORNING WITH BREAD, EXERCISE WITH DOORS, FUNERAL, WEDDING

WHAT DO THEY DO THERE?

SCIENTIFIC PROGRAM

- Morning and afternoon obligatory lectures (~3 hours)
- Labs – 3x during the camp (10 students groups)
- Special lectures – VIP guests – famous and successful scientists, personalities etc.

FREETIME ACTIVITIES

- Sport – popular tournaments chemists against biologists
- Competitions – throwing rocket, to grow the biggest plant, fashion parade, greco-roman wrestling
- Evenings bonfire get together – guitar singing, socializing activities, fire-roasted sausages
- Night games – orientation in nature, knowledge based questions

WHY EVERYBODY LIKES TO ATTEND?

STUDENTS

- Get plenty of new knowledge and experience
- Preparation for next school year Olympiad
- Meet other science enthusiasts
- Get into contact with university teachers
- Get to know each other

LECTURERS

- Pass on knowledge and experience
- Meet enthusiastic students
- Can present their universities and scientific subjects of interest

HISTORY

- MORE THAN 25 YEARS TRADITION
- PRODUCE GENERATIONS OF VERY SUCCESSFUL SCIENTISTS
